

EUROPEAN GRADUATE SCHOOL FOUNDATION

EUROPÄISCHE UNIVERSITÄT FÜR INTERDISZIPLINÄRE STUDIEN

The President of the

European Graduate School

on the nomination of the Senate of the two Divisions of the European Graduate School and with the approval of the Board of Directors of the European Graduate School Foundation, does hereby confer upon

Dr. Heinz Killias

the title of

HONORARY PROFESSOR EGS

The award of Honorary Professor EGS is given for participating in outstanding ways in the development of higher education at EGS. Dr. Killias, our Finance-Director and member of the executive staff of EGS, since 2007, also served since 1996 on the board of the preceding foundation EGIS. He is appreciated as a distinguished leader, who is committed to the continuity and economic health of our academic institution. With great diligence and extensive experience in consulting Organizations and international affairs he helped to establish solid administrative structures.

Dr Killias' merits are manifold. Let's mention some, the reorganization of our finances, academic and financial certifications and re-certification of the school. He even acted as a publisher, for the mission of Expressive Arts and fought for the cause of the Arts in general. He is not only a physicist, a scientist, a Jungian psychoanalyst, a wine grower and a master of numbers, but in particular a man who has the courage to stand in the middle of a burning issue and take command with tireless dedication, until the fire is under productive control. It is due to the conditions he established that EGS is economically standing on a solid foundation and that all of the program-directors can fulfill their tasks with enthusiasm and responsibility.

With gratitude we wish Dr. Killias the best of health and a prosperous life for his 75 Birthday.

The title of Honorary Professor of the European Graduate School is hereby given in accordance with Article 5b of our Ranking Regulation.
