An update on handling the pandemic

AHS summer school 2021: A Welcoming Note

What is certain in times of pandemic's uncertainty? Rilke's 'Trust the Difficult' is following me these days. Patience is asked from all of us as there is no certainty around the development of the covid-19 pandemic. What can be certain within uncertainty? We all long for being together in presence again. So yes, we plan on being back in Saas-Fee, the pearl of the Alps.

The summer school dates for 2021 are set, tuitions rates have been established and options regarding EGS financial aid will be on a first come first served basis; registration is open as from January 6, 2021. Please wait with your travel Arrangements, as well as the reservations for room and board until our final decision is made by the end of March, regarding whether Summer School takes place in Saas-Fee or online . We will update you with a Newsletter and posts on our AHS website.

AHS offer in both Summer School Sessions 2021 a special Symposium "IMAGINE ... a tribute to Paolo Knill (11. 6. 1932 – 13.9.2020)" and a memorial ceremony for our founding rector of EGS. Our guests of honor at the symposia will be Shaun McNiff and Daria Halprin.

We look forward to seeing you, to be together, to work and enjoy each other.

Margo and the planning team José Miguel Calderon and Barbara Hielscher-Witte

Professor Margo Fuchs-Knill, Ph.D.
Dean of the Division Arts, Health and Society
